Notes from the President ...

Good Morning Burlington Shag Club Members and what a fine morning is it. First let me say how honored I am to represent this club. Last week a large group of our club members traveled to North Myrtle Beach for our Spring Safari. We are so thankful all of these members were able to go and return safely. We must remember a coalition member of ours, Don Rust from Eno Club, who was in a serious accident going to SOS. Please remember to lift Don and his family in your prayers during his recovery.

We cannot say it was the most beautiful weather we have had at SOS but I do not think the weather stopped any of us from having a great time. It is always so wonderful to see our members and members from various other clubs gather together and renew friendships and have the opportunity to make many new friendships. SOS is just a magical time to leave all your troubles behind for a few days and dance until your feet and legs are just sore.

SOS PARADE: what can I say, guys and girls, **you did good**. This is the float that almost wasn't. Many felt it was time to just stop or take a year off, many did take the year off, but then a group of first timers stepped up to the plate and joined in with the die-hard members and right or wrong we started building a float. There were 47 members who signed up and several who could not participate but signed up to work anyway. Each Saturday was a blessing to each member who could come out to work. Float making is about getting to know your fellow members, eating donuts, drinking coffee, and of course putting all those ideas to work. We started off a little rocky but the determination was shared by all and after many discussions, we had a final plan. The joy of float building is watching it grow and seeing just how many changes and new ideas we can come up with as we go. Finally once we got the trailer to the beach and all our float people arrived, we were ready – all praying for no rain – new floaters were a little nervous, but very excited. When all was said and done, our float was together, members were dressed in their costumes, and we hit the street with as much enthusiasm as any group could have. It was just as we had hoped, people lined up the street calling out our name and joining in with our happiness. It was a wonderful day and boy did we have fun. When it was over and we gathered at Harold's to hear the winners--we joined hands and held our breath. We felt good about our float but there was so many great floats. When they called out our name and we knew we had won, tears were running down our faces. Some may say, why all this excitement, you have won 10 other times, this is just another win. No, not for us! We worked very hard to make it happen – this float was our lives for three months, and with the new floaters who had never won the prize, we wanted this victory for them. They made this float possible and it meant everything to us to see their faces as they knew they had done something special. Building a float and riding in the parade is making memories, this group accomplished that with flying colors. Thanks each of you who worked so very hard ... **#11 sure does feel good!**

I have talked so much already so I will need to close for now. Please read this newsletter very carefully for all our upcoming events. We know you cannot attend every event but come when you can – we continue to have great crowds on Friday nights. Remember to take the time to visit with newcomers to our lounge. Soon it will be warm weather and we are hoping for even more attendees. We are so fortunate to have found Showtime, we want to share our blessing with all of you.

Burlington, you are the best and I am so proud of our club, you should be proud of your club too! Now Go and Do Well.

Did you know.....?

This year, our own **Charlie Brown** was chosen as the SOS Parade's Co-Grand Marshall along with **Judy Duke**. Congratulations, C.B., we're all proud of you!!

On Parade day, when CB & I arrived early Saturday morning to deliver the trailer in our chosen spot, as I got out of the truck, I noticed this tiny plastic figure sitting on the curb in our corner. This little figure was either Moses or Noah but seeing him sitting there sure made me feel this had to be a good sign. I picked him up and stuck him in my pocket. Just before the float left the parking lot, I gave him to Amber and asked her to put him in a secret place on our float. This little figure rode the entire parade route with us and he will now reside in Showtime Lounge.

A FUN Day At The Golf Course

Well, our FUN golf tournament has come and gone and with it, lots of good times with good friends. The weather turned out to be just perfect as the golfers headed to the starting holes. Before they teed off, a couple of nice prizes were given away.

While the golfers were swinging and putting on the course, some of the rest of us were doing line dances in the cart barn. We got a few good dances in and now some of our members know a couple of more of them.

When all the teams were in and scores posted, the third place team was captained by Steve Pettigrew with others on his team being Chuck Upchurch, Tommy Stafford, and Frank Bunn. Second place went to captain Steve McHone and three non-member teammates. First place was taken by captain Jesse Justice, with Tim Apple, Lynn Hooper, and Bo Newman filling out the team. Cash prizes were given out to the winning teams.

We all had a great lunch with the food being provided by Western Steakhouse. All drinks and water were donated. Thank you to Jesse Justice and to Stephen Stearns for organizing this event. Also, thanks to all those who came to the course to help with the many duties. This really was a FUN day and hopefully we will be able to schedule another on next year.

JUNGLE BOUNDTM

Sharing our Love of Shag

Yea, we did it again!! For the 11th year in a row, our club won 1st place in the Best Shag Theme category in the 2013 SOS Spring Safari Parade at North Myrtle Beach. We received a plaque and \$300 for winning this. As co-chairman, along with Cindy Swiggett, I would like to thank all 47 participants who gave of their time and abilities to make this happen for our club. Also, I would like to thank Joe Davis and Larry Jordan for their help in making the props and Mike Gumula for his help the day of the parade. And thanks to Gary Jones who painted the beautiful animal backdrop – what a great job! They didn't actually participate in the parade but their help was greatly appreciated. A special thank you goes to Amy and Gary Crawford for their expertise in creating the props and making the costumes for many of our members and their overall vision of what the float would be like.

We appreciate ALL our participants, sponsors, and the people who made donations to help us make a successful float. Through their efforts and the selling of the T-shirts, we did not have to use any of the money the club allocated and actually made a little profit. We couldn't have done this without ALL of you! I am very happy to have worked alongside of you this year.

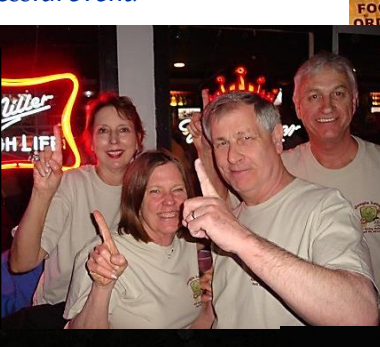

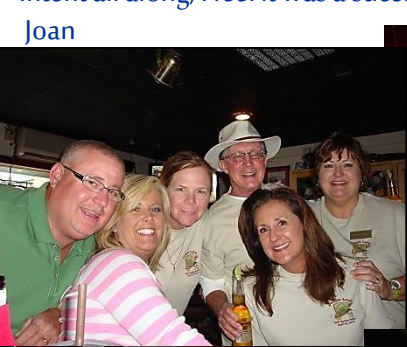

Thanks,
Edith

SOS Parade After-Party at the OD Arcade

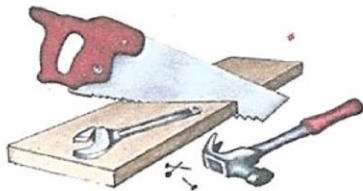

This was a different after party for our club. Months ago our club decided not to provide free alcohol to our members. We realized the liability was becoming an issue and we needed to think what was best for our club. If we could not have the traditional free pour, why have a party? Well the party was always about celebrating us all being there together, our club building a float, and as it was our last day, closing out another great SOS. After much thought and talking with Chris at the Arcade, it was decided we would have a after party with a different game plan. Please remember this was a first for our club and it was a first for the Arcade. It was a trial in every respect. We normally have around 125 in attendance, so we prepared for that same number. Each current member in attendance was to be given five \$1.00 each pieces of script and that script could be used for anything sold inside the Arcade on that day from 6-8pm. We had 87 members to attend and they were each given a package of five \$1.00 script. Jenny, who has been our bartender for several years, offered to try this new plan with us. For the most part all went along very good but the line was a little slow at times. But we had two hours, so being in line gave you time to talk to a fellow member. I thank each of you who showed up and gave this idea a look see. Along the way, we will listen for suggestions of improvement. It was a special time of being together and as that was the intent all along, I feel it was a successful event.
